GREAT INTEREST MANIFESTED IN THE DEMOCRATIC PRIMARY.

Citizens' Progressive Association Represented at the Polls-Young Man's Sudden Death-Briefs.

> Evening Star Bureau, No. 701 King St., Bell Telephone, No. 106

ALEXANDRIA, Va., April 16, 1901. The polls at all the voting precincts of this city were opened this morning at sunrise for the democratic primary to nominate candidates for the city council and various municipal offices. Interest in the contest has reached a high point, and indications are that an unusually heavy vote will be polled. The voting this morning has been orderly. A feature of the primary is the fight be-

ing made by the Citizens' Progressive Association for the success of its ticket for council. According to prearranged plans many of the members of that organization left their places of business and have detect their places of business and ha Mayor Simpson has no opposition for re-nomination. The only salaried office over which there is any contest is that of au-ditor. The incumbent, Mr. E. F. Price, is opposed by Mr. R. H. Latham. Young Man Found Dead.

Charles G. Fones, a well-known young

resident, was discovered dead this morning in the parlor of the residence of his sister. Mrs. W. O. Tomlin, on Fairfax street between Duke and Wolfe streets. Heart disease is supposed to have been the cause of death. Deceased was twenty-five years of age and was unmarried. Funeral arrangements have not yet been made. Mr. Fones returned to his home late last night and was heard to enter the front room He made no complaint of being ill, but this morning his sister found his lifeless bedy on the floor. He was employed as a painter. Charter Granted.

Judge Norton of the corporation court has granted a charter to the Plaza Apartment House Company of Washington, the purposes of which are to deal in real estate and to construct and maintain buildings and apartments. The sum of \$250,000 was named as the capital stock, and the following are the officers of the company: T. F. Schneider, president; E. S. Smith, vice president, and R. E. Bradley, secretary and treasurer. Gardner L. Boothe is local General Matters.

Mattle Cole, a colored woman, about thirty years of age, was picked up on Prince street yesterday afternoon by Officers Beach and Hall and carried to the station house. She was seen to be desperately ill and was sent to the Alexandria Infirmary, where last night she expired. It is believed that the woman's death was due to exposure. A meeting of the Associated Charities will be held this evening in the rooms of

the Business Men's League for the purpose of electing a delegate to the annual session of the National Society of Charities and Correction to be held in Washington May 9.

At the meeting of district delegates held at Fairfax Court House yesterday Mr. R. Walton Moore of that place was nominated by acclamation for delegate to represent Fairfax county in the state constitutional

convention. In almost all of the counties

in this district democratic candidates have been nominated. A series of Reinicker lectures will commence this evening in the chapel of the Episcopal Theological Seminary, just west of this city. The lectures will continue tomorrow and Thursday. They will be de-livered by Rev. George Hodges, D.D., dean of the Episcopal Theological School of Cambridge, Mass. His subject will be "Christian Socialism." The hours for the lecture today and tomorrow will be 5 p.m. and Thursday at noon.

FRENCH EMBASSY BUILDING. Ground Purchased in Residential Sec-

Papers were signed yesterday by which the French government acquires a large building a French embassy. The site is on a high knoll, a short distance west of Connecticut avenue, with frontages on S and about 70,000 square feet. This will be by far the largest amount of ground occupied by any foreign establishment in Washingester, N. Y., and Zue Hunter Brockett, ton, the British embassy grounds embrac-

ing about 30,000 square feet.

The plans for the building will be in charge of M. Olivier Carre, staff architect of the French foreign office. He was here requirements, and will return shortly to make a more detailed inspection and map out plans for the structure. M. Carre stands high in his profession, and his artis-tic conceptions promise to give an embassy to Washington which will be characteristic of French art, and a most notable acquisition to the foreign buildings here. At present M. Carre is in China, where he went to see what remained of the French legation after the siege of last summer, and to prepare for its rehabilitation. It is not expected that immediate work will begin on construction, as the appropriations are yet to be made, and these will probably await the estimates of M. Carre.
